

Curriculum Vitae

Name: MA Xi-Nan

Permanent address :

East China Normal University,
Department of Mathematics,
200062, Shanghai, P. R. China.

Office Phone No: (86) 21 62233056 **Fax No:** (86) 21 62865381

E-mail address: xnma@math.ecnu.edu.cn

Born: January 24, 1969, Zhejiang, China.

Nationality: Chinese **Sex:** Male

Marital status: Married.

Languages: Chinese, English, some French.

Career:

July 1996 - June 1998: Post-doc at East China Normal University,

July 1998 - July 2003: Associate Professor at East China Normal University,

August 2003: Professor of Mathematics at East China Normal University.

Education:

Hangzhou University (now named Zhejiang University), P. R. China, Sep. 1985 - June 1987.

Ph.D., Hangzhou University (now named Zhejiang University), P. R. China, Sep. 1991 - June 1996.

Advisor and title of Doctoral Thesis: Liouville Type Theorems in Riemannian Manifold and Mean Curvature Flow.

Advisor: Professor Si-lei WANG.

Research Interests: Partial differential equations, differential geometry.

Grants and Award :

1. Jan. 1999 - Dec. 2000, The Young Teacher Foundation from the School of Institute and Technology in ECNU, PI.
2. May 2000 - April 2002, Foundation for University Key Teacher by the Ministry of Education of China.
3. Jan. 2001 - Dec. 2003, National Nature Science Foundation of China (Youth) , No. 10001011, PI.
4. Jan. 2003 - Dec. 2004, Foundation of Return China for Outside Scholar by Ministry of Education of China, PI.
5. Jan. 2003 - Dec. 2005, Excellent Young Teacher Foundation by Ministry of Education of China, PI.

6. Jan. 2004 - Dec. 2006, National Nature Science Foundation of China, No. 10371041, PI.
7. March 2004 - Feb. 2007, FokYingTung Education Foundation, PI.

Teaching Experience:

- Fall 1998, Calculus; Foundation of partial differential equations.
- Spring 1999, Calculus; Calculus on manifold,
- Fall 1999, Calculus
- Spring 2000, Second order elliptic partial differential equations;
- Fall 2001, Monge-Ampere equation; Calculus,
- Spring 2003, Elliptic partial differential equation; Selected topics of fully nonlinear elliptic PDE.

Visiting:

- April - June 1999, Institute of Mathematics, Academia of Sinicia, China.
- July - August 2000, McMaster University, Canada.
- Sep. 2000 - Sep. 2001: Visiting position at Bar-Ilan University in Israel,
- March 2002 - July 2002: Visiting position at NCTS in Tsinghua University in Taiwan,
- Sep. 2002 - Feb. 2003: Research Associate in CMA in Australia National University, Australia,
- May 2003 - June 2004: Visiting position in MPI of Mathematics in Science, Leipzig, Germany.

Some Talks at Meetings, Workshops or Seminar:

1. Joint Conference of AMS - Hongkong Math. Soc., special section on Nonlinear Elliptic and Parabolic Equations, Hongkong, P.R.China, 14 December 2000.
2. Workshop on "Geometrical Evolution and Nonlinear Elliptic Equation" at Isaac Newton Institute for Mathematical Science, Cambridge University, 25 March - 6 April, 2001.
3. Workshop on "Geometrical Evolution Equation" at NCTS in Tsinghua University, 15 July - 27 July , 2002.
4. Workshop on "Geometrical Evolution and Partial Differential Equation" at CMA in Australia National University, Australia, 23 Sep. - 27 Sep. 2002.
5. Workshop on "Monge-Ampere Equation and Related Topics" at Banff in Canada, 2 August - 7 August, 2003.
6. Geometry Seminar on 13 Nov. 2003 in MPI of Mathematics in Science, Leipzig, Germany.
