

2016 Summer School for Graduate Students

# Operator Algebras and Noncommutative Geometry

2016. 7. 10 — 2016. 7. 30

**Local Organizer:** Research Center for Operator Algebras, East China Normal University, Shanghai

**Co-organized by:** School of Mathematical Sciences, Fudan University / Shanghai Center for Mathematical Sciences, Research Center for Operator Algebras, East China Normal University, Center for Noncommutative Geometry and Operator Algebra, Jilin University

**Invited Lecturers:** George Elliott (University of Toronto), Nigel Higson (Penn State University), Huaxin Lin (University of Oregon & East China Normal University), Ryszard Nest (University of Copenhagen), Zhuang Niu (University of Wyoming), N. Christopher Phillips (University of Oregon), Michael Puschnigg (Institut de Mathématiques de Marseille), Quanhua Xu (Université Franche-Comté & Wuhan University), Shengzhi Xu (Fudan University), Guoliang Yu (Texas A&M University & Fudan University / Shanghai Center for Mathematical Sciences)
