The professor is of high experience in teaching, providing extra material for the study and was also splendid in treating the international students to focus just on their study.

Additional Questions:

1) What did you find was the most valuable part of this course?	It is fundamental course for the research work in Mathematics and Engineering
2) Do you have any suggestions on how we could improve this program?	It would be better if it is supported by computer
3) Other comments?	It is better if answer key is attached to the appendix
